HYDRAULIC LIFT
ELEVATE THE EVERYDAY

FLEXHYDRAULIC LIFT

SUPERIOR HYDRAULICS
Effortless functionality and extreme reliability.

PERFECT BOAT FIT
Adjustable width to fit varying hull sizes.

TRUSTED EXPERIENCE
The top manufacturer of quality boat lifts since

ELEVATE YOUR WATERFRONT EXPERIENCE!

Whether you're a seasoned boater or a weekend cruiser, the FLEX™ Hydraulic Boat Lift is the ultimate solution to easy water access and a seamless waterfront experience. Beginning with industry-leading thick aluminum frames, superior hydraulic cylinders, upgraded components, and a range of customizable options, the FLEX™ Hydraulic lift is the premier choice. This lift will have you on the water in seconds, so you can focus on what matters most, enjoying your time on the water.

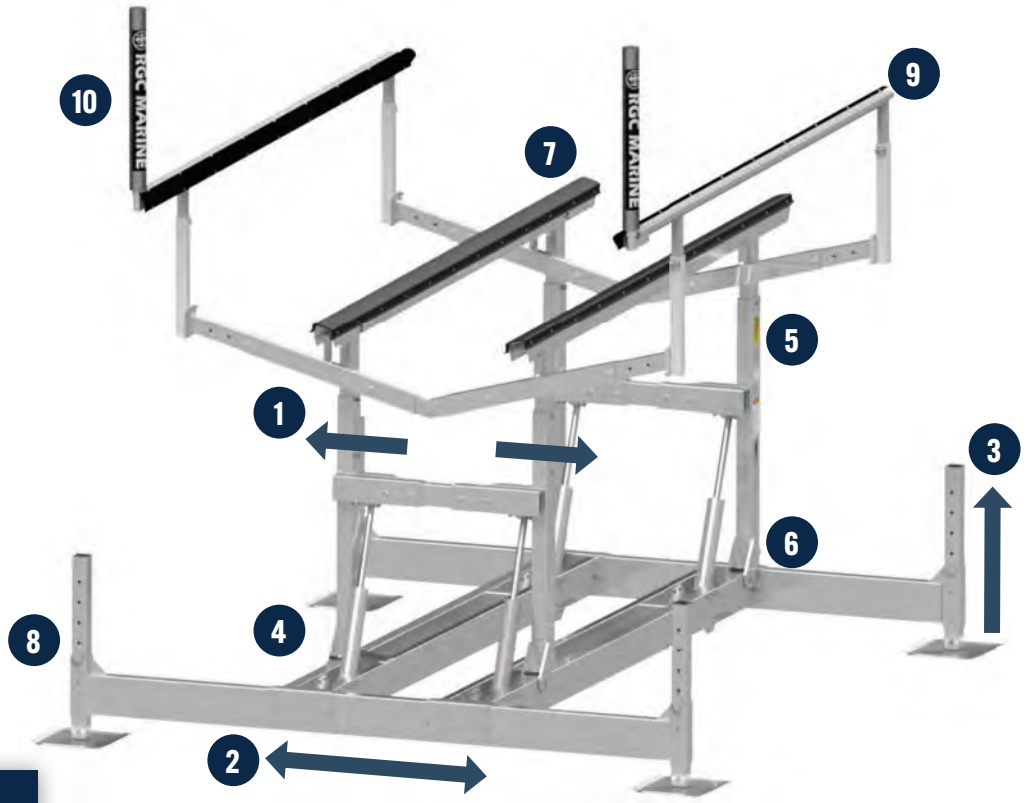
FLEX HYDRAULIC LIFT FEATURES

THE RIGHT FIT FOR YOUR BOAT

1 ADJUSTABLE WIDTH BUNKS
Fine-tune the width of your boat lift to get a custom fit of your boat hull.

2 LATERAL ADJUSTMENT
Optimize the distance of your lift in relation to your dock.

3 HEIGHT ADJUSTMENT
Get the right height for your water depth with our Adjustable Extension Legs and Deep Water Extension Legs.



SUPERIOR HYDRAULIC SYSTEM

4 HYDRAULIC CYLINDERS
Stainless-steel cylinders and fittings provide durability that resists corrosion and outlasts the toughest marine environments. Metal scrapers keep the shaft clean and free from zebra mussel buildup to prevent damage and improve seal life.

STAINLESS-STEEL BRAIDED HOSES
Provide a protective barrier against abrasion and cutting and resist damage from zebra mussels.

HYDRAULIC CONTROL BOX
Corrosion and water-resistant aluminum pump base is housed in a water-resistant, lock-ready, fiberglass box. Operates with a 12V or 24V traditional battery or a lithium battery for longer life and higher capacity.

5 ALUMINUM FRAMES
Marine grade 6061 T6 aluminum frames have a minimum thickness of .25" to provide superior strength and outlast the harsh marine elements. Welded frame construction requires less maintenance with fewer moving parts and less hardware to tighten.

6 LIFT ARM PIVOTS
Pivot points are reinforced with welded bushings to reduce wear, provide excellent reliability and withstand harsh conditions better than the competition.

7 ALUMINUM VINYL BUNKS
Cushion and protect your boat with stain and fade resistant vinyl. Unique ridged design is riveted in place to keep it secure through years of use. Aluminum Vinyl bunks are standard on all hydraulic lifts.

8 ADJUSTABLE EXTENSION LEGS
Adjustable up to 9 feet and equipped with large foot plates to provide greater stability. (Longer options also available.)

FREE-STANDING
No need for pilings or fixed structure for fast, easy, no-hassle installation.

HIGHLY CUSTOMIZABLE
From size and height adjustments to accessories, this lift can be customized to fit any need.

SAFEST and most reliable protection of your investment thanks to the cantilever design, when in the up position your lift is secured in place.

WIRELESS REMOTE TRANSMITTER
Convenient control of your lift from a distance.

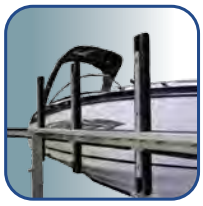
BUILT TO LAST

OPTIONS/ACCESSORIES

FLEX™ HL PONTOON/TRITOON KITS

RGC FLEX™ Hydraulic Pontoon and Tritoon kits are built for wider boats, delivering enhanced width adjustability to dial in the perfect fit. Bunks can be fine-tuned to accomodate a wide range of tune sizes.

FULL GUIDE-ONS
Guide and protect your boat on entry and exit.



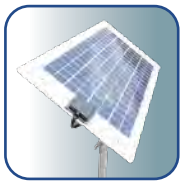
WAKEBOARD GUIDE-ONS
Vertical and full length guide-ons combine for the ultimate protection.

BOW STOP
Securely positions your boat in the cradle.

MOTOR STOP
Keeps your boat properly positioned, safe and balanced.

VERTICAL GUIDE COVERS
Protect your guide posts from stains and scuffs.

VERTICAL GUIDE POSTS
Properly position your boat on entry and exit and provide excellent protection when combined with full guide-ons.



SOLAR POWER
Upgrade to solar for clean, free, low-maintenance power. This safer way to charge your lift is easier with no need to access shore power.

RGC CANOPY
Add a canopy for the ultimate protection. Available in our stream-lined Apex design, or choose the Traditional canopy in scalloped or straight style for a classic look. RGC Canopies come standard with fade and stain resistant Sunbrella® fabric in an array of colors to compliment any waterfront.
